SANKARA EYE FOUNDATION, INDIA[®]

VISION MATTERS

SANKARA EYE FOUNDATION
INDIA

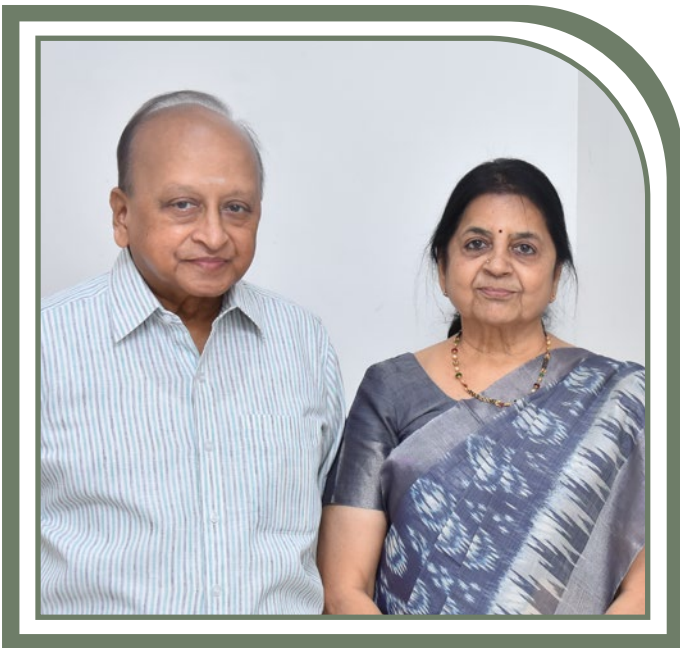

Scan QR code

LET'S ENGAGE

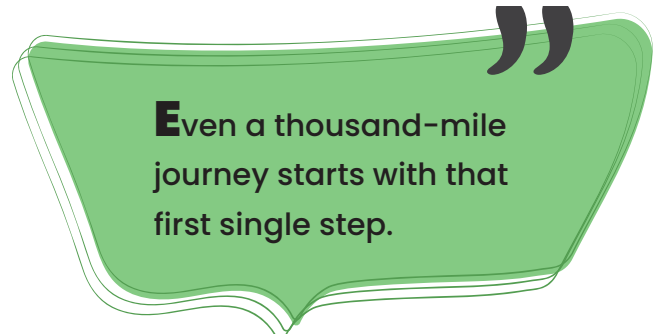

Own your institution and the cause

A huge banyan tree branches out from a small seed. Likewise, Sankara had a humble beginning; started as a small Medical Centre at Coimbatore, way back in 1977. It was a dream of a handful of people headed by Dr. RVR to do something for the less privileged.

Here we need to stress "Ownership". What is ownership?
Every Team member

- ★ Believing in the vision
- ★ Believing in himself/herself
- ★ Knowing the job responsibility & how it will help in achieving the larger goal of Sankara
- ★ Being passionate, proactive, responsible, and accountable with ethical values as the foundation.
- ★ Learning is a continuous process. Ask questions, offer solutions, learn from Superiors & Peer group
- ★ Taking criticism in the right sense and try to improve.
- ★ Being a leader as an example to the juniors.

Even a thousand-mile journey starts with that first single step.

A goal was set to provide quality eye care to all, irrespective of their socio-economic status. Eradication of curable blindness in India - a vision larger than life pursued with perseverance, sincerity, and hard work, has now resulted in 12 State of the Art Eye Hospitals across the Country. It is organized teamwork with Commitment and Dedication.

For any organization, success depends on the quality of its human resource.

It is not enough if the Founder alone dreams about his vision. The dream has to percolate down the line across every single person in the Institution - Doctors, Administrators, Paramedical Staff and Support Staff.

Services offered with a Smile, Love & Compassion; makes the Sankara culture

Dr.Radha Ramani | Co Founder - SEFI

इस वृक्षाना इच्छिन्त भवान्थु

'm - Healthy

Dr Sudhakar Potti
CMO - SEH Guntur

In today's digital world, eye strain and eye fatigue are very common and are increasingly recognized as causes of poor work performance and poor quality of life.

So here are three easy ways to minimize eye strain. The 20-20-20 way to a healthy strain free eyes.

01

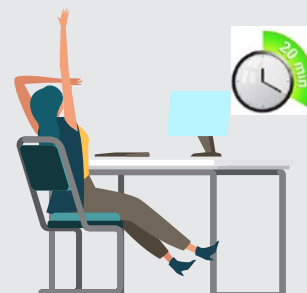

Every 20 min of screen time, pause for 20 seconds look away from the screen at any distant object 20 feet away.

02

Alternatively get up from your chair at office and take 20 steps and return to your seat. Easier said than done.

03

So the next time you sit down in front of your screen start a timer for 20 minutes. When the alarm goes off, get up from your chair for your steps. Repeat cycle.

All of us have kids at home. It is common to see many children having red eyes that itch and water, & only worsen during the summer. This happens to be the condition called Allergic Conjunctivitis which requires a prolonged course of treatment and can be challenging in terms of compliance.

A sure shot way to reduce its incidence is by avoiding dust, smoke, sunlight, sand, pollution, etc. Washing eyes with cold water multiple times a day is going to bring some relief. Stay away from self-medication. Consult ophthalmologists if symptoms persist/worsen and stick to the treatment regimen religiously.

Dr Visweswaran
Consultant - Paediatric

PRIDE OF SANKARA

SOCIAL RESPONSIBILITY

ROAD SAFETY WEEK EVENT BY SEH-KRISHNANKOIL

For the general public and drivers!

On behalf of National Road Safety Week (January 11-17, 2022), SEH-Krishnankoil conducted an eye screening camp on Republic Day, January 26, 2022, at Royal Mini Mahal, near Sivakasi Town Police station for the pedestrians and drivers. 6 unit staff participated in the event and screened a total of 71 pedestrians and drivers.

Good Effort, Team SEH- Krishnankoil!

EYE SCREENING CAMP AT MOGA BY SEH-LUDHIANA AND SHARAN FOUNDATION

To reach the unreached!

SEH-Ludhiana and Sharan Foundation Jointly organized an eye screening camp at Moga, Punjab, on January 29, 2022.

Mr. Amritpal Singh (President, Sharan Foundation) paid a visit to the camp. Almost 78 people received eye treatment from SEFI's doctors - Dr. Tejendra (Fellowship - IOL) and Dr. Sidharth (Fellowship - IOL).

Awesome job, Team SEH-Ludhiana!

PATIENT TESTIMONIAL

RJ SEH-PANVEL

Mr. Ramasubramanian, 66 years old, visited RJ SEH with chief complaints of temporal sides on November 21, 2021. He has been advised with glasses and lenses. He is very much impressed by the humbleness of the staff in the outpatient department.

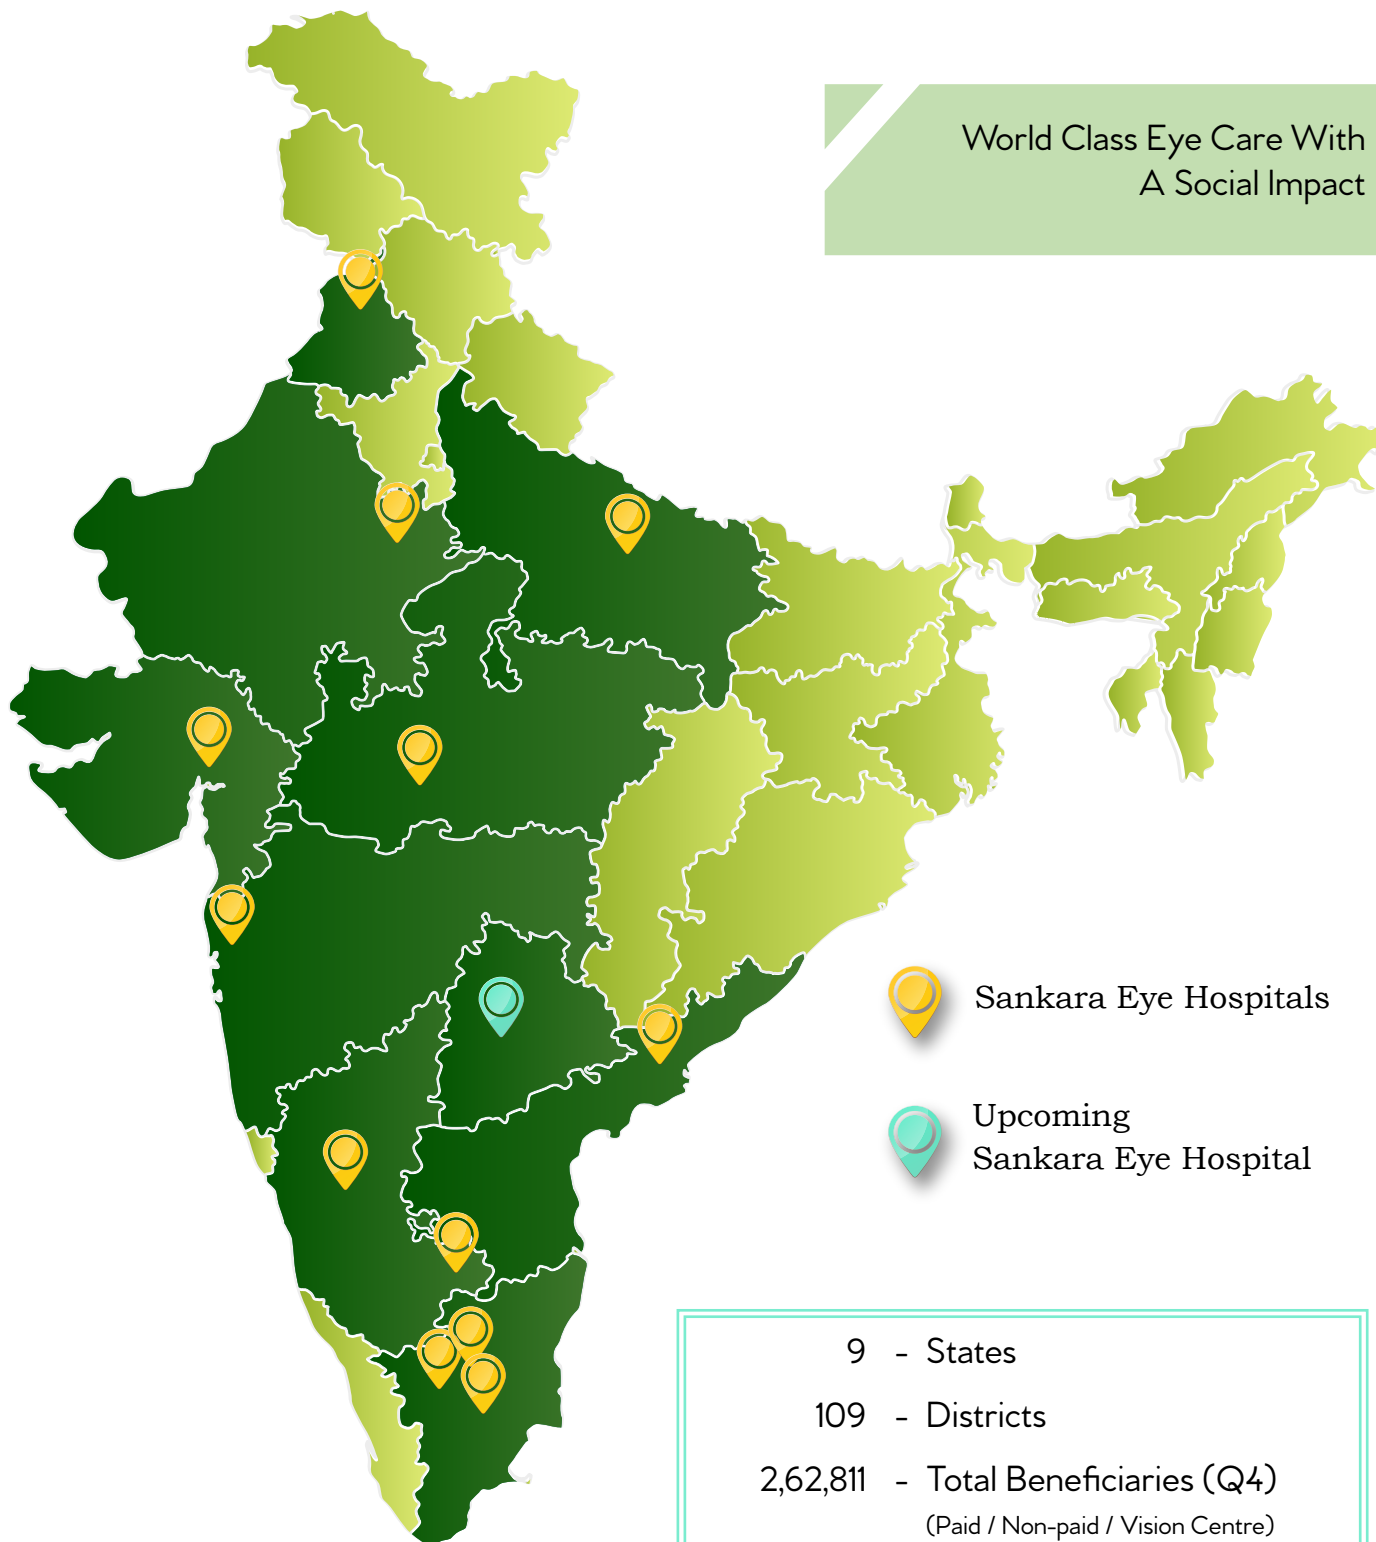

“Excellent eye hospital reflecting the principles of Swami Sankara Acharya. Well-trained staff, polite, humble, and well-behaved. The objectives of donors to this hospital will not go waste. Highly hygienic and well-maintained place all over. It would be better if the details of doctors' experiences were elaborated on the website. My best wishes to the donors and staff.”

- Ramasubramanian M. Sundaram
